MARRAKECH

Tra le strade polverose e dorate della medina, tra i tappeti stesi al sole e i profumi delle spezie, nasce Marrakech: una collezione di carte da parati che è un invito al viaggio, un richiamo caldo e materico ai sensi. Ispirata all'eleganza imperfetta dei muri antichi, ai tessuti artigianali e alla geometria mistica dell'arte marocchina, Marrakech fonde disegni di palme, pattern geometrici e texture murali. Al centro del progetto c'è il colore: caldo, avvolgente, autentico. La palette è costruita attorno a tonalità terrose e naturali che richiamano i pigmenti minerali delle antiche mura, le superfici scottate dal sole e le terre aride del deserto. Ogni carta da parati è pensata per evocare l'autenticità e il fascino senza tempo del Marocco: superfici che sembrano intonaci vissuti dal sole, intrecci che ricordano trame tessili, motivi che riportano a cortili nascosti e oasi lontane. Lasciati trasportare. Marrakech non è solo una città, è un luogo dell'anima.

Among the dusty and golden streets of the medina, among the carpets spread out in the sun and the scents of spices, Marrakech is born: a wallpapers collection that is an invitation to travel, a warm and material call to the senses. Inspired by the imperfect elegance of ancient walls, artisanal fabrics and the mystical geometry of Moroccan art, Marrakech blends palm designs, geometric patterns and wall textures. The heart of the project is the colour: warm, embracing, authentic. The colours palette is built around earthy and natural tones that recall the mineral pigments of ancient walls, sun-burned surfaces and the arid lands of the desert. Each wallpaper is designed to evoke the authenticity and timeless charm of Morocco: surfaces that look like plasters worn by the sun, weaves that recall textile textures, motifs that take you back to hidden courtyards and distant oases. Let yourself be transported. Marrakech is not just a city, it is a place of the soul.
